

MAKER JOURNAL

Name: _____

Date: _____

Project/Unit: Safe Crossings

Lesson: 2

After your team has generated ideas in the brainstorm, select the top four ideas. Record the advantages and disadvantages for each idea in the table below.

Ideas (short description)	Advantages/Disadvantages
Use a rope bridge to cross the crevasse	Portable and light weight; hard to extend across crevasse

Discuss and select the best idea from the four ideas above. Use the space below to create an action plan for making the idea real. For example, think of the materials, time, and responsibilities for each team member.

Action Plan – Crossing a Crevasse
<p><i>Idea Description:</i></p> <p><i>Possible Materials/Tools:</i></p> <p><i>Steps: (What does each person on the team do? Estimate how long it might take.)</i></p> <p>(Use the back if necessary)</p>
