

MAKER JOURNAL

Name: _____

Date: _____

All grades: Build a Maker Tote!

Lesson 1: Empathy

My Recycle Sheet!

List below items that you usually recycle:

Example: plastic bags

Use the space below to explain why it is important to recycle those items:

Example: By placing plastic bags in the recycle bin they end up being remade into new plastic products instead of being tossed in with the regular trash. It is important to recycle plastic bags because that means less of them end up dumped in places like the ocean (where marine animals die trying to eat them thinking the bags are food).
